RE: 2018 Elk Grove Park District Audubon Skate Park- Financed Using Special Recreation Levy

Dear Ms. Crawford,

The Elk Grove Park District requests consideration and approval for the expenditure of funds from the District's Special Recreation Levy, to pay the cost of the following improvements for the Audubon Outdoor Skate Park to be constructed in 2018.

The total costs of improvements are **\$426,000**. The improvements will be completed by June 15, 2018. Anticipated benefits of the project to NWSRA are as follows:

1. Replacement of the existing steep and cracked asphalt path to create an accessible route from the parking area to the new skate park.
2. Replacement of the asphalt walk adjacent to the restrooms access and party room where the asphalt is more than ½" displaced and creates a tripping hazard as part of the accessible route from the building.
3. The new site furniture, benches and bleachers shall be ADA compliant and along the accessible route for users and spectators.
4. The concrete skate park shall be ADA compliant and available to all residents and users as per their individual abilities.

The skate park shall provide opportunities for individuals and their families to enjoy all the amenities of Audubon Park. The new skate park is similar to our providing a playground that meets or exceeds the standards for outdoor recreation and playground equipment design. The Park District uses a thirty per cent (30%) goal for design and development of playgrounds. The proposed construction costs for the skate park are \$426,000. Thirty percent would be \$127,800. The Park District would like to use \$60,000 of our Special Recreation Fund to cover the items above and maintain a fund balance for additional projects as may be needed.

The Elk Grove Park District respectfully requests your review of this request for \$60,000 and present it with your approving recommendation to the NWSRA Board of Directors. If you have any questions or require additional information, please do not hesitate to contact me.

Sincerely,

Valerie Gerdes Lemme, RLA, CPSI, CPRP
Planner II
