Recreation Facilities and Amenities- select a Project Category below:	Benches- Picnic Tables Boating Facilities Exercise Machines- Equipment Fishing Piers- Platforms Handrails Playgrounds- Play Components
Routes and Surfaces- select a Project Category below:	Accessible Routes- Means of Egress Play Surfaces Sidewalks Walking Surfaces
Benefits of the Project	The PermaTrak concrete boardwalk creates an accessible route to the new floating fishing pier and the boat dock with new extension. The artificial turf safety surface for the 2-5 and 5-12 year old playgrounds and fitness equipment provides accessibility to all. The new walks and bench pads are accessible, as are the new game tables under the new shelter. The new sensory garden is surrounded by the compliant walks, providing accessibility. The path was widened to 14' for a length of 150' in 5 locations to improve path flow.
Items that will become ADA Compliant	Access to the fishing pier and boat dock, the 2 playgrounds and exercise stations, new concrete walks around the playground/sensory garden, new benches around the playground and sensory garden, the new shelter, and the game tables (checker board tops).

The project is designed or constructed, or applies human resources, to comply with:

The 2010 Standards for Accessible Design
The Illinois Accessibility Code
ASTM Standard for Accessible Exercise Equipment
ASTM F 1951 Standard for Accessible Playground Surfaces
Agency's ADA Transition Plan
