## **INDEPENDENT AUDITORS' REPORT**

April 21, 2020

Members of the Board of Trustees  
Northwest Special Recreation Association  
Rolling Meadows, Illinois

We have audited the accompanying financial statements of the Northwest Special Recreation Association, Illinois, as of and for the year ended December 31, 2019, and the related notes to the financial statements, which collectively comprise the Association's basic financial statements as listed in the table of contents.

### **Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### **Auditor's Responsibility**

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Association's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Association's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### **Opinions**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities of the Northwest Special Recreation Association, Illinois, as of December 31, 2019, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

## **Other Matters**

### *Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis as listed in the table of contents and budgetary information reported in the required supplementary information as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### *Other Information*

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Northwest Special Recreation Association, Illinois' basic financial statements. The other supplementary information is presented for purposes of additional analysis and are not a required part of the basic financial statements.

The other supplementary information is the responsibility of management and was derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the other supplementary information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

## **MANAGEMENT'S DISCUSSION AND ANALYSIS**

# **NORTHWEST SPECIAL RECREATION ASSOCIATION, ILLINOIS**

## **Management's Discussion and Analysis December 31, 2019**

---

Our discussion and analysis of the Northwest Special Recreation Association's ("Association") financial performance provides an overview of the Association's financial activities for the fiscal year ended December 31, 2019. Please read it in conjunction with the financial statements which begin on page 9.

### **FINANCIAL HIGHLIGHTS**

- The Association's net position increased as a result of this year's operations by \$66,291 or 1.3 percent.
- During the year, government-wide revenues totaled \$5,738,027, while expenses totaled \$5,671,736, resulting in the increase to net position of \$66,291.
- The Association's net position totaled \$5,346,287 at December 31, 2019, which included \$3,782,184 unrestricted net position that may be used to meet the ongoing obligations to participants and creditors.
- At the fund level, a surplus was reported this year of \$149,287, resulting in ending fund balance of \$4,945,341, an increase of 3.1 percent.
- Prior year beginning net position was restated due to the Association implementing GASB Statement No. 75.

### **USING THIS ANNUAL REPORT**

This annual report consists of a series of financial statements. The Statement of Net Position and the Statement of Activities (on pages 9 - 12) provide information about the activities of the Association as a whole and present a longer-term view of the Association's finances. Fund financial statements begin on page 13. For governmental activities, these statements tell how these services were financed in the short term as well as what remains for future spending. Fund financial statements also report the Association's operations in more detail than the government-wide statements.

### **Government-Wide Financial Statements**

The government-wide financial statements provide readers with a broad overview of the Association's finances, in a matter similar to a private-sector business. The government wide financial statements can be found on pages 9 - 12 of this report.

The Statement of Net Position reports information on all of the Association's assets/deferred outflows and liabilities/deferred inflows, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the Association is improving or deteriorating. Consideration of other nonfinancial factors, such as changes in the Association's member district assessments and the condition of the Association's capital assets, is needed to assess the overall health of the Association.

# **NORTHWEST SPECIAL RECREATION ASSOCIATION, ILLINOIS**

## **Management's Discussion and Analysis December 31, 2019**

---

### **USING THIS ANNUAL REPORT – Continued**

#### **Government-Wide Financial Statements – Continued**

The Statement of Activities presents information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods.

#### **Fund Financial Statements**

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Association, like other local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. The Association is reported as one single governmental fund.

#### **Governmental Funds**

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating the Association's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate the comparison between governmental funds and governmental activities. The Association adopts an annual appropriated budget. A budgetary comparison schedule has been provided to demonstrate compliance with this budget.

The basic governmental fund financial statements can be found on pages 13 - 16 of this report.

#### **Notes to the Financial Statements**

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 17 - 42 of this report.

### USING THIS ANNUAL REPORT – Continued

#### Other Information

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the Association's I.M.R.F. employee pension obligations, retiree benefit plan, and budgetary comparison schedule for the General Fund. Required supplementary information can be found on pages 43 - 47 of this report.

#### GOVERNMENT-WIDE FINANCIAL ANALYSIS

Net position may serve over time as a useful indicator of a government's financial position. The following tables show that in the case of the Association, assets/deferred outflows exceeded liabilities/deferred inflows by \$5,346,287.

	Net Position	
	2019	2018
Current Assets	\$ 5,252,276	5,336,738
Capital Assets	1,564,103	1,526,074
Total Assets	6,816,379	6,862,812
Deferred Outflows	1,675,230	686,679
Total Assets/ Deferred Outflows	8,491,609	7,549,491
Long-Term Debt	2,105,132	667,971
Other Liabilities	312,730	569,317
Total Liabilities	2,417,862	1,237,288
Deferred Inflows	727,460	1,032,207
Total Liabilities/ Deferred Inflows	3,145,322	2,269,495
Net Position		
Net Investment in Capital Assets	1,564,103	1,526,074
Unrestricted	3,782,184	3,753,922
Total Net Position	5,346,287	5,279,996

A portion of the Association's net position, \$1,564,103 or 29.3 percent, reflects its investment in capital assets (for example, building, building improvements, furniture and equipment, and vehicles). The Association uses these capital assets to provide services to program participants; consequently, these assets are not available for future spending.

The remaining 70.7 percent, or \$3,782,184, represents unrestricted net position and may be used to meet the Association's ongoing obligations to program participants and creditors.

Net position of the Association increased by 1.3 percent (\$5,279,996 restated in 2018 compared to \$5,346,287 in 2019). Unrestricted net position, the part of net position that can be used to finance day-to-day operations without constraints, totaled \$3,782,184 at December 31, 2019.

Revenues for 2019 totaled \$5,738,027, while the cost of all programs totaled \$5,671,736. This results in a surplus of \$66,291. In 2018, revenues of \$5,543,295 exceeded expenses of \$5,307,216, resulting in a surplus of \$236,079. The Association reported increases in charges for services, capital contributions, and interest income for the year. Expenses for the 2019 fiscal year increased \$364,520, due to the higher expenses related to IMRF net pension liability and total OPEB liability. Member contributions also increased \$42,352 or 1.0 percent.

### GOVERNMENT-WIDE FINANCIAL ANALYSIS – Continued

The following table graphically depicts the major revenue sources of the Association. It depicts very clearly the reliance on member contributions and program fees to fund programs. It also clearly identifies the less significant percentage the Association receives from interest earnings.

**Revenues by Source - Governmental Activities**

### FINANCIAL ANALYSIS OF THE ASSOCIATION'S OPERATING FUND

As noted earlier, the Association uses a single governmental fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

The Association's operating fund reported ending fund balance of \$4,945,341, which is \$149,287, or 3.1 percent, higher than last year's total of \$4,796,054. Of the \$4,945,341 total, \$1,420,677, or approximately 28.7 percent, of the fund balance constitutes unassigned fund balance.

The Association reported a positive change in fund balance for the year due to revenues coming in higher than expenditures in the current year. All expenditures came in below budget, except for program and safety. The Association was able to control costs during the year. These numbers are further outlined on Schedule of Revenues, Expenditures and Changes in Fund Balance on page 15.

### BUDGETARY HIGHLIGHTS

The Association made no budget amendments during the year. Actual revenues for the year totaled \$5,597,007, compared to budgeted revenues of \$5,640,690. Programs and interest income came in above budgeted amounts of \$41,616 and \$49,025, respectively. Grants and Contributions came in below budgeted amount of \$134,324.

Actual expenditures for the year were \$401,274 lower than budgeted (\$5,447,720 actual compared to \$5,848,994 budgeted) due primarily to administration and salary costs being lower than anticipated.

Vehicles	281,152	356,843
Total	<u>1,564,103</u>	<u>1,526,074</u>

The Association had the following capital asset additions for the year:

Building Improvements	\$ 1,375
Furniture and Equipment	<u>203,079</u>
Total	<u>204,454</u>

Additional information on the Association’s capital assets can be found in note 3 of this report.

**ECONOMIC FACTORS AND NEXT YEAR’S BUDGET AND RATES**

At the time these financial statements were prepared and audited, the Association was not aware of any existing circumstances that would adversely affect its financial health in the near future.

**REQUESTS FOR INFORMATION**

This financial report is designed to provide a general overview of the Association’s finances for all those with an interest in the Association’s finances. Questions concerning any of the information provided in this report or requests for additional information should be directed to Office of the Executive Director, 3000 W Central Road, Rolling Meadows, IL 60008.

### **NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The government-wide financial statements are prepared in accordance with generally accepted accounting principles (GAAP). The Governmental Accounting Standards Board (GASB) is responsible for establishing GAAP for state and local governments through its pronouncements (Statements and Interpretations). The more significant of the Association's accounting policies established in GAAP and used by the Association are described below.

#### **REPORTING ENTITY**

In determining the financial reporting entity, the Association complies with the provisions of GASB Statement No. 61, "The Financial Reporting Omnibus – an Amendment of GASB Statements No. 14 and No. 34," and includes all component units that have a significant operational or financial relationship with the Association.

#### **Discretely Presented Component Unit**

Discretely presented component units are separate legal entities that meet the component unit criteria described in GASB Statement No. 39 but do not meet the criteria for blending.

Special Leisure Services Foundation.

The Special Leisure Services Foundation (the Foundation) is being reported as a discretely presented component unit of the Association as it is legally separate from the Association. Separate financial statements of the Association are available by contacting the Administrative Office of the Northwest Special Recreation Association, 3000 W Central Road, Rolling Meadows, IL 60008.

#### **BASIS OF PRESENTATION**

##### **Government-Wide Statements**

The Association's basic financial statements include both government-wide (reporting the Association as a whole) and fund financial statements. Both the government-wide and fund financial statements categorize primary activities as either governmental or business-type. All activities of the Association are reported as governmental activities.

In the Statement of Net Position, the Association's activities are reported on a full accrual, economic resource basis, which recognizes all long-term assets, deferred outflows and receivables as well as long-term debt, deferred inflows and obligations. The Association's net position is reported in three parts: net investment in capital assets, restricted net position and unrestricted net position. The Association first utilizes restricted resources to finance qualifying activities.

# **NORTHWEST SPECIAL RECREATION ASSOCIATION, ILLINOIS**

## **Notes to the Financial Statements December 31, 2019**

---

### **NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued**

#### **BASIS OF PRESENTATION – Continued**

##### **Government-Wide Statements – Continued**

The government-wide Statement of Activities reports both the gross and net cost of the Association's special recreation function, which is supported by general revenues (member contributions, interest income and miscellaneous revenue). The Statement of Activities reduces gross expenses (including depreciation) by related program revenues and operating grants/contributions. Program revenues must be directly associated with the special recreation function. Operating grants/contributions include operating-specific grants. The net cost of the special recreation function is normally covered by the general revenues (member contributions, interest income and miscellaneous revenue).

The government-wide focus is more on the sustainability of the Association as an entity and the change in the Association's net position resulting from the current year's activities.

##### **Fund Financial Statements**

The financial transactions of the Association are reported in a single governmental fund in the fund financial statements. This fund is accounted for by providing a separate set of self-balancing accounts that comprises its assets, deferred outflows, liabilities, deferred inflows, fund equity, revenues and expenditures. The focus of the governmental fund's measurement (in the fund statements) is upon determination of financial position and changes in financial position (sources, uses, and balances of financial resources) rather than upon net income.

#### **MEASUREMENT FOCUS AND BASIS OF ACCOUNTING**

Measurement focus is a term used to describe "which" transactions are recorded within the various financial statements. Basis of accounting refers to "when" transactions are recorded regardless of the measurement focus applied.

##### **Measurement Focus**

On the government-wide Statement of Net Position and the Statement of Activities, governmental activities are presented using the economic resources measurement focus. The accounting objectives of this measurement focus are the determination of operating income, changes in net position (or cost recovery), financial position, and cash flows. All assets/deferred outflows and liabilities/deferred inflows (whether current or noncurrent) associated with their activities are reported.

# **NORTHWEST SPECIAL RECREATION ASSOCIATION, ILLINOIS**

## **Notes to the Financial Statements December 31, 2019**

---

### **NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued**

#### **MEASUREMENT FOCUS AND BASIS OF ACCOUNTING – Continued**

##### **Measurement Focus – Continued**

All governmental funds utilize a “current financial resources” measurement focus. Only current financial assets/deferred outflows and liabilities/deferred inflows are generally included on their balance sheets. Their operating statements present sources and uses of available spendable financial resources during a given period. These funds use fund balance as their measure of available spendable financial resources at the end of the period.

##### **Basis of Accounting**

In the government-wide Statement of Net Position and Statement of Activities, governmental activities are presented using the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability/deferred inflow is incurred or economic asset used. Revenues, expenses, gains, losses, assets/deferred outflows, and liabilities/deferred inflows resulting from exchange and exchange-like transactions are recognized when the exchange takes place.

In the fund financial statements, governmental funds are presented on the modified accrual basis of accounting. Under this modified accrual basis of accounting, revenues are recognized when “measurable and available.” Measurable means knowing or being able to reasonably estimate the amount. Available means collectible within the current period or within sixty days after year-end. Expenditures (including capital outlay) are recorded when the related liability is incurred. In applying the susceptible to accrual concept under the modified accrual basis, those revenues susceptible to accrual are member District contributions and program fees. All other revenues are not susceptible to accrual because generally they are not measurable until received in cash.

#### **ASSETS/DEFERRED OUTFLOWS, LIABILITIES/DEFERRED INFLOWS, AND NET POSITION OR EQUITY**

##### **Cash and Investments**

For the purpose of the Statement of Net Position, cash and cash equivalents are considered to be cash on hand, demand deposits, and cash with fiscal agent. Investments are generally reported at fair value. Short-term investments are reported at cost, which approximates fair value. For investments, the Association categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs. All of the Association’s investments are in 2a7-like investment pools that are measured at the net asset value per share determined by the pool.

#### ASSETS/DEFERRED OUTFLOWS, LIABILITIES/DEFERRED INFLOWS, AND NET POSITION OR EQUITY – Continued

##### Receivables

In the government-wide financial statements, receivables consist of all revenues earned at year-end and not yet received. Allowances for uncollectible accounts receivable are based upon historical trends and the periodic aging of accounts receivable. Major receivables balances for governmental activities include member contributions, program fees, and grants.

##### Prepays

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaids in both the government-wide and fund financial statements. Prepaids are valued at cost, which approximates market, using the first-in/first-out (FIFO) method. The costs of governmental fund-type prepaids are recorded as expenditures when consumed rather than when purchased.

##### Capital Assets

Capital assets purchased or acquired with an original cost of more than \$500, depending on asset class, are reported at historical cost or estimated historical cost. Contributed assets are reported at acquisition value as of the date received. Additions, improvements and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expenses as incurred. The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. General capital assets are long-lived assets of the Association as a whole. When purchased, such assets are recorded as expenditures in the governmental funds and capitalized. The valuation basis for general capital assets is historical cost, or where historical cost is not available, estimated historical cost based on replacement costs.

Depreciation on all assets is computed and recorded using the straight-line method of depreciation over the following estimated useful lives:

Building	50 Years
Building Improvements	20 - 50 Years
Parking Lot	20 Years
Furniture and Equipment	5 - 20 Years
Vehicles	8 - 15 Years

### **NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued**

#### **ASSETS/DEFERRED OUTFLOWS, LIABILITIES/DEFERRED INFLOWS, AND NET POSITION OR EQUITY – Continued**

##### **Deferred Outflows/Inflows of Resources**

Deferred outflow/inflow of resources represents an acquisition/reduction of net position that applies to a future period and therefore will not be recognized as an outflow of resources (expense)/inflow of resources (revenue) until that future time.

##### **Compensated Absences**

The Association accrues accumulated unpaid vacation and associated employee-related costs when earned (or estimated to be earned) by the employee. In accordance with GASB Statement No. 16, no liability is recorded for nonvesting accumulation rights to receive sick pay benefits. However, a liability is recognized for that portion of accumulated sick leave that is estimated to be taken as “terminal leave” prior to retirement.

All vacation pay is accrued when incurred in the government-wide financial statements. A liability for these amounts is reported in the governmental funds only if they have matured, for example, as a result of employee resignations and retirements.

It is the Association’s policy to permit employees to accumulate earned but unused vacation for an unlimited number of years. The maximum amount of days that can be accrued is the equivalent of one year’s vacation credit. Upon termination, an employee shall be paid for unused vacation time.

##### **Long-Term Obligations**

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the Statement of Net Position. Bond premiums and discounts, are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are reported as expenses at the time of issuance.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

##### **Net Position**

In the government-wide financial statements, equity is classified as net position and displayed in three components, if applicable:

Net Investment in Capital Assets – Consists of capital assets, including restricted capital assets, net of accumulated depreciation, and reduced by the outstanding balances of any bonds, mortgages, notes or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.

Restricted – Consists of net position with constraints placed on the use either by (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments; or (2) law through constitutional provisions or enabling legislations.

Unrestricted – All other net position balances that do not meet the definition of “restricted” or “net investment in capital assets.”

### **NOTE 2 – STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY**

#### **BUDGETARY INFORMATION**

The Association follows these procedures in establishing the budgetary data reflected in the financial statements’

The Association Director submits to the Board a proposed operating budget for the fiscal year commencing the following January 1. The operating budget includes proposed expenditures and the means of financing them.

The budget is legally enacted by the Board of Trustees.

The budget may be amended by the Board of Trustees. During the year, no supplementary appropriations were necessary.

### NOTE 3 – DETAIL NOTES ON THE ASSOCIATION

#### DEPOSITS AND INVESTMENTS

Permitted Deposits and Investments – Statutes authorize the Association to make deposits/invest in commercial banks, savings and loan institutions, obligations of the U.S. Treasury and U.S. Agencies, obligations of States and their political subdivisions, credit union shares, repurchase agreements, commercial paper rated within the three highest classifications by at least two standard rating services and the Illinois Park District Liquid Asset Fund.

The Illinois Park District Liquid Asset Fund allows Illinois park districts, forest preserves and joint recreational programs to pool their funds for investment purposes. The Illinois Park District Liquid Asset Fund is composed of finance officials and treasurers all of whom are employees of the Illinois public agencies, which are investors in the Illinois Park District Liquid Asset Fund. The Illinois Park District Liquid Asset Fund is not registered with the SEC as an Investment Company. Investments in the Illinois Park District Liquid Asset Fund are valued at the share price, the price for which the investment could be sold.

#### **Concentration Risk, Custodial Credit Risk, Credit Risk and Interest Rate Risk**

At year-end, the carrying amount of the Association's deposits totaled \$5,014,390 and the bank balances totaled \$5,104,112. Additionally, at year-end, the Association has \$168,443 invested in the Illinois Park District Liquid Asset Fund, which has an average maturity of less than one year.

*Concentration Risk.* Concentration of credit risk is the risk of loss attributed to the magnitude of the Association's investment in a single issuer. The Association's investment policy states the practice is to invest in a diversified manner and not have undue concentrations in any single investment. At year-end, the Association does not have any investments over 5 percent of the total cash and investment portfolio (other than investments issued or explicitly guaranteed by the U.S. government and investments in mutual funds, external investment pools, and other pooled investments).

*Custodial Credit Risk.* In the case of deposits, this is the risk that in the event of a bank failure, the Association's deposits may not be returned to it. The Association's investment policy requires pledging of collateral of all bank balances in excess of federal depository insurance with the collateral held by a third party in the Association's name. At December 31, 2019, the entire bank balance of the deposits was covered by federal depository or equivalent insurance.

For an investment, this is the risk that in the event of the failure of the counterparty, the Association will not be able to recover the value of its investment or collateral securities that are in the possession of an outside party. The Association's investment policy does not address custodial credit risk for investments. At December 31, 2019, the Association's investment in the Illinois Park District Liquid Asset Fund was not subject to custodial credit risk.

**NOTE 3 – DETAIL NOTES ON THE ASSOCIATION – Continued**

**DEPOSITS AND INVESTMENTS – Continued**

**Concentration Risk, Custodial Credit Risk, Credit Risk and Interest Rate Risk – Continued**

*Credit Risk.* Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The Association limits its exposure to credit risk by primarily investing in obligations guaranteed by the U.S. Government or securities issued by agencies of the U.S. Government that are explicitly or implicitly guaranteed by the U.S. Government. The Association’s investment in the Illinois Park District Liquid Asset Fund is rated AAAM by Standard and Poor’s.

*Interest Rate Risk.* Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The Association’s investment policy states that the investment portfolio shall maintain the necessary liquidity to enable the Association to meet all operating requirements and liabilities that may be reasonably anticipated. The Association invests its funds in a manner which will provide the highest investment return with the maximum security while meeting the daily cash flow demands of the Association and conforming to all state and local statutes governing the investment of public funds using the ‘prudent person’ standard for managing the overall portfolio. The primary objective of the policy is safety (preservation of capital and protection of investment principal), liquidity and yield.

	696,604	1,431,435	17,112	2,110,927	5,795

For the governmental activities, the compensated absences, the net pension liability and the total OPEB liability are liquidated by the General Fund.

**FUND BALANCES/NET POSITION**

**Fund Balance Classifications**

The following is a schedule of fund balance classifications as of the date of this report:

Fund Balances	
Nonspendable	
Prepays	\$ 19,687
Assigned	3,041,477
Committed	463,500
Unassigned	1,420,677
Total Fund Balances	4,945,341

In the governmental funds financial statements, the Association considers restricted amounts to have been spent when an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available. The Association first utilizes assigned, then committed and then unassigned fund balance when an expenditure is incurred for purposes for which all three unrestricted fund balances are available.

**Fund Balance Classifications – Continued**

*Nonspendable Fund Balance.* Consists of resources that cannot be spent because they are either: a) not in a spendable form; or b) legally or contractually required to be maintained intact.

*Restricted Fund Balance.* Consists of resources that are restricted to specific purposes, that is, when constraints placed on the use of resources are either: a) externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments; or b) imposed by law through constitutional provisions or enabling legislation.

*Committed Fund Balance.* Consists of resources constrained (issuance of an ordinance) to specific purposes by the government itself, using its highest level of decision-making authority, the Board of Trustees; to be reported as committed, amounts cannot be used for any other purpose unless the government takes the same highest-level action to remove or change the constraint.

*Assigned Fund Balance.* Consists of amounts that are constrained by the Board of Trustees' intent to be used for specific purposes but are neither restricted nor committed. Intent is expressed by a) the Board of Trustees itself or b) a body or official to which the Board of Trustees has delegated the authority to assign amounts to be used for specific purposes. The Association's highest level of decision-making authority is the Board of Trustees, who is authorized to assign amounts to a specific purpose.

*Unassigned Fund Balance.* Consists of residual net resources of a fund that has not been restricted, committed, or assigned within the General Fund and deficit fund balances of other governmental funds.

*Minimum Fund Balance Policy.* The Association policy manual states that the assigned fund balance should represent 25% of annual expenses and committed fund balance should represent three years rolling average of total budgeted capital expenditures.

##### Park Association Risk Management Agency (PDRMA) – Continued

Losses exceeding the per occurrence self-insured and reinsurance limit would be the responsibility of the Association.

As a member of PDRMA's Property/Casualty Program, the Association is represented on the Property/Casualty Program Council and the Membership Assembly and is entitled to one vote on each. The relationship between the Association and PDRMA is governed by a contract and by-laws that have been adopted by resolution of the Association's governing body.

The Association is contractually obligated to make all annual and supplementary contributions to PDRMA, to report claims on a timely basis, cooperate with PDRMA, its claims administrator and attorneys in claims investigations and settlement, and to follow risk management procedures as outlined by PDRMA. Members have a contractual obligation to fund any deficit of PDRMA attributable to a membership year during which they were a member.

PDRMA is responsible for administering the self-insurance program and purchasing excess insurance according to the direction of the Program Council. PDRMA also provides its members with risk management services, including the defense of and settlement of claims, and establishes reasonable and necessary loss reduction and prevention procedures to be followed by the members.

The following represents a summary of PDRMA's Property/Casualty Program balance sheet at December 31, 2018 and the statement of revenues and expenses for the period ending December 31, 2018:

Assets	\$64,598,180
Deferred Outflows of Resources – Pension	735,579
Liabilities	20,358,043
Deferred Inflows of Resources – Pension	1,157,368
Total Net Pension	43,818,350
Revenues	18,891,688
Expenditures	18,647,660

The Association's portion of the overall equity in the pool is 0.575% or \$278,437.

Since 98.39% of PDRMA's liabilities are reserves for losses and loss adjustment expenses which are based on an actuarial estimate of the ultimate losses incurred, the Net Position is impacted annually as more recent loss information becomes available.

#### RISK MANAGEMENT – Continued

##### Park District Risk Management Agency (PDRMA) Health Program

On August 1, 1992, the Association became a member of the Park District Risk Management Agency (PDRMA) Health Program, a health benefits pool of park districts, special recreation associations, and public service organizations through which medical, vision, dental, life and prescription drug coverages are provided in excess of specified limits for the members, acting as a single insurable unit. The pool purchases excess insurance covering single claims over \$250,000. Until January 1, 2001 the PDRMA Health Program was a separate legal entity formerly known as the Illinois Park Employees Health Network (IPEHN).

Members can choose to provide any combination of coverages available to their employees and pay premiums accordingly.

As a member of the PDRMA Health Program, the Association is represented on the Health Program Council as well as the Membership Assembly and is entitled to one vote on each. The relationship between the member agency and PDRMA Health Program is governed by a contract and by-laws that have been adopted by a resolution of each member's governing body. Members are contractually obligated to make all monthly payments to the PDRMA Health Program and to fund any deficit of the PDRMA Health Program upon dissolution of the pool. They will share in any surplus of the pool based on a decision by the Health Program Council.

The following represents a summary of PDRMA's Health Program balance sheet at December 31, 2018 and the statement of revenues and expenses for the period ending December 31, 2018:

Assets	\$22,903,252
Deferred Outflows of Resources – Pension	427,851
Liabilities	5,148,899
Deferred Inflows of Resources – Pension	(5,600)
Total Net Pension	18,187,802
Revenues	37,577,537
Expenditures	35,295,144

A large percentage of PDRMA's liabilities are reserves for losses and loss adjustment expenses, which are based on an actuarial estimate of the ultimate losses incurred.

#### CONTINGENT LIABILITIES – Continued

##### Grants

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time although the Association expects such amounts, if any, to be immaterial.

#### EMPLOYEE RETIREMENT SYSTEM – DEFINED BENEFIT PENSION PLAN

##### Illinois Municipal Retirement Fund (IMRF)

The Association contributes to Illinois Municipal Retirement Fund (IMRF), a defined benefit agent multiple-employer public employee retirement system. IMRF issues a publicly available financial report that includes financial statements and required supplementary information for the plan as a whole, but not by individual employer. That report may be obtained online at [www.imrf.org](http://www.imrf.org). The benefits, benefit levels, employee contributions, and employer contributions are governed by Illinois Compiled Statutes (ILCS) and can only be amended by the Illinois General Assembly.

##### Plan Descriptions

*Plan Administration.* All employees hired in positions that meet or exceed the prescribed annual hourly standard must be enrolled in IMRF as participating members. The plan is accounted for on the economic resources measurement focus and the accrual basis of accounting. Employer and employee contributions are recognized when earned in the year that the contributions are required, benefits and refunds are recognized as an expense and liability when due and payable.

*Benefits Provided.* IMRF has three benefit plans. The vast majority of IMRF members participate in the Regular Plan (RP). The Sheriff's Law Enforcement Personnel (SLEP) plan is for sheriffs, deputy sheriffs, and selected police chiefs. Counties could adopt the Elected County Official (ECO) plan for officials elected prior to August 8, 2011 (the ECO plan was closed to new participants after that date).

IMRF provides two tiers of pension benefits. Employees hired *before* January 1, 2011, are eligible for Tier 1 benefits. Tier 1 employees are vested for pension benefits when they have at least eight years of qualifying service credit. Tier 1 employees who retire at age 55 (at reduced benefits) or after age 60 (at full benefits) with eight years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any consecutive 48 months within the last 10 years of service, divided by 48. Under Tier 1, the pension is increased by 3% of the original amount on January 1 every year after retirement.

##### Illinois Municipal Retirement Fund (IMRF) – Continued

##### Plan Descriptions – Continued

*Benefits Provided – Continued.* Employees hired *on or after* January 1, 2011, are eligible for Tier 2 benefits. For Tier 2 employees, pension benefits vest after ten years of service. Participating employees who retire at age 62 (at reduced benefits) or after age 67 (at full benefits) with ten years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any 96 consecutive months within the last 10 years of service, divided by 96. Under Tier 2, the pension is increased on January 1 every year after retirement, upon reaching age 67, by the *lesser* of:

- 3% of the original pension amount, or
- 1/2 of the increase in the Consumer Price Index of the original pension amount.

*Plan Membership.* As of December 31, 2018, the measurement date, the following employees were covered by the benefit terms:

Inactive Plan Members Currently Receiving Benefits	22
Inactive Plan Members Entitled to but not yet Receiving Benefits	55
Active Plan Members	<u>43</u>
Total	<u><u>120</u></u>

*Contributions.* As set by statute, the Association's Regular Plan Members are required to contribute 4.5% of their annual covered salary. The statute requires employers to contribute the amount necessary, in addition to member contributions, to finance the retirement coverage of its own employees. For the year-ended December 31, 2018 the Association's contribution was 12.12% of covered payroll.

*Net Pension Liability.* The Association's net pension liability was measured as of December 31, 2018. The total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date.

*Actuarial Assumptions.* The total pension liability was determined by an actuarial valuation performed, as of December 31, 2018, using the following actuarial methods and assumptions:

##### Plan Descriptions – Continued

*Actuarial Assumptions.* The total pension liability was determined by an actuarial valuation performed, as of December 31, 2018, using the following actuarial methods and assumptions:

Actuarial Cost Method	Entry Age Normal
Asset Valuation Method	Market
Actuarial Assumptions	
Interest Rate	7.25%
Salary Increases	3.39% - 14.25%
Cost of Living Adjustments	2.50%
Inflation	2.50%

For non-disabled retirees, an IMRF specific mortality table was used with fully generational projection scale MP-2017 (base year 2015). The IMRF specific rates were developed from the RP-2014 Blue Collar Health Annuitant Mortality Table with adjustments to match current IMRF experience. For disabled retirees, an IMRF specific mortality table was used with fully generational projection scale MP-2017 (base year 2015). The IMRF specific rates were developed from the RP-2014 Disabled Retirees Mortality Table applying the same adjustment that were applied for non-disabled lives. For active members, an IMRF specific mortality table was used with fully generational projection scale MP-2017 (base year 2015). The IMRF specific rates were developed from the RP-2014 Employee Mortality Table with adjustments to match current IMRF experience.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense, and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return to the target asset allocation percentage and adding expected inflation. The target allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table:

*Actuarial Assumptions – Continued.*

Asset Class	Target	Long-Term Expected Real Rate of Return
Fixed Income	28.00%	3.75%
Domestic Equities	37.00%	7.15%
International Equities	18.00%	7.25%
Real Estate	9.00%	6.25%
Blended	7.00%	3.20% - 8.50%
Cash and Cash Equivalents	1.00%	2.50%

**Discount Rate**

The discount rate used to measure the total pension liability was 7.25% and prior year was 7.50%. The projection of cash flows used to determine the discount rate assumed that member contributions will be made at the current contribution rate and that Association contributions will be made at rates equal to the difference between the actuarially determined contribution rates and the member rate. Based on those assumptions, the Fund’s fiduciary net position was projected to be available to make all project future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all period of projected benefit payments to determine the total pension liability.

**Discount Rate Sensitivity**

The following is a sensitivity analysis of the net pension liability/(asset) to changes in the discount rate. The table below presents the pension liability/(asset) of the Association calculated using the discount rate as well as what the Association’s net pension liability/(asset) would be if it were calculated using a discount rate that is one percentage point lower or one percentage point higher than the current rate:

	1% Decrease (6.25%)	Current Discount Rate (7.25%)	1% Increase (8.25%)

#### OTHER POST-EMPLOYMENT BENEFITS

##### General Information about the OPEB Plan

*Plan Description.* The Association’s defined benefit OPEB plan, Northwest Special Recreation Association’s Retiree Benefit Plan (RBP), provides OPEB for all permanent full-time general employees of the Association. RBP is a single-employer defined benefit OPEB plan administered by the Association. Article 11 of the State Compiled Statutes grants the authority to establish and amend the benefit terms and financing requirements to the Association Board. No assets are accumulated in a trust that meets the criteria in paragraph 4 of Statement 75.

*Benefits Provided.* Northwest Special Recreation Association offers medical, dental, vision, and life insurance coverage to retirees. Retirees pay the full cost of the premium. Coverage ends at age 65 for disabled employees or once retirees are eligible for Medicare.

*Plan Membership.* As of December 31, 2019, the measurement date, the following employees were covered by the benefit terms:

Inactive Plan Members Currently Receiving Benefits	1
Inactive Plan Members Entitled to but not yet Receiving Benefits	-
Active Plan Members	<u>43</u>
Total	<u><u>44</u></u>

##### Total OPEB Liability

The Association’s total OPEB liability was measured as of December 31, 2019, and was determined by an actuarial valuation as of that date.

*Actuarial Assumptions and Other Inputs.* The total OPEB liability in the December 31, 2019 actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

##### **PREPAID RENT AND RENT EXPENSE**

On April 1, 2017, the Association entered into an agreement with Rolling Meadows Park District to lease programming and office space for the period beginning April 1, 2017 and ending March 31, 2020. The lease calls for annual rent payments of \$47,055, totaling \$141,164, to be paid upon commencement of the lease. As a result, the Association recognized a grant of \$47,055 from the Foundation and prepaid rent of \$112,846 for the year ended December 31, 2017. That prepaid balance was reduced by the recognition of \$47,055 of rent expense for the year ended December 31, 2018 and again by the annual rent expense of \$47,055 for the year ended December 31, 2019. The remaining balance in prepaid as of December 31, 2019 is \$19,657.

##### **SUBSEQUENT EVENT**

Subsequent to the date of the financial statements and prior to the audit opinion date, the World Health Organization declared the COVID-19 virus a public health emergency. As of the date of this report, the extent of the impact of COVID-19 on the Association's operations and financial position cannot be determined.
