Mount Prospect, IL 60056

Re: Accessibility Fund Reimbursement from NWSRA  
Districtwide Paving Plan

Dear Jim,

The Mount Prospect Park District has commissioned a Districtwide Paving Master Plan. This work includes all paved trails and surfaces. A portion of this study is dedicated to improving trails, handicap parking and facility access, and other accommodations required to meet current ADA guidelines. The plan will also tie planned capital improvements to the District's ADA Transition Plan. We recommend the following funds be reimbursed to the Mt. Prospect Park District for Accessibility improvements planning. The funds will be used by the Park District for A/E Fees.

We estimate the work of the Districtwide Paving Master Plan including the review, evaluation, cost estimation, ADA transition plan review and project designs to be about 194 hours. We estimate that 20% of this time or 39 hours will be dedicated to Accessibility Planning and design. This will include site evaluation, prioritizing, designing and tying the Capital Budget to the ADA Transition Plan.

We recommend the Mt. Prospect Park District request **\$2,796.00** for reimbursement from the NWSRA for accessibility improvements made as part of the Districtwide Paving Master Plan. The total projected project cost including ADA and non ADA items is \$13,980.

Sincerely, Studio Park Ave
