Dear Ms. Julison:

Re: Improvements Proposed to be Financed Using Special Recreation Levy

Schaumburg Park District hereby notifies and requests approval of the NWSRA Board of Directors for the proposed expenditures of funds from the District's Special Recreation Levy to pay for the cost of ADA improvements at playgrounds located at Doherty, Elaine Bond and Salk Parks. I have enclosed Attachment A that itemizes the ADA improvements at each of these playgrounds. The total cost is \$154,742.50. These improvements have been completed as of September 30, 2006. The benefits of these projects to NWSRA are as follows:

- 1) Provide accessibility to the playgrounds
- 2) Provide accessibility to individual play events

Schaumburg Park District respectfully requests that you review this proposal and present it with your approving recommendations to the NWSRA Board of Directors.

If you have any questions or need any additional information, please do not hesitate to contact me.

Sincerely,

SCHAUMBURG PARK DISTRICT

RE: ADA FUNDING FOR HERITAGE PARK RENOVATION

To Whom It May Concern:

The Hanover Park District was recently awarded the Illinois Department of Natural Resources Open Space Land Acquisition and Development Grant for the renovation of Heritage Park. One of the projects primary goals was to allow and encourage participation in the recreational activities by all residents within the Park District, particularly those with various physical challenges. To this end, the Park District supplied numerous elements that meet and support the needs of the Americans with Disabilities Act. The Special Recreation Association in Hanover Park has a strong level of participation, and was a key component of the planning decision making for the redevelopment of Heritage Park. The following is a summary of the items where the Park District provided for those with physical challenges, and the associated costs for doing so:

- | | | |
|----|---|-------------|
| 1. | Handicap Parking Spaces
(Spaces, drive lane depressed curb)- | \$ 7,707.00 |
| 2. | Asphalt Walking Trail (5' of the 8' trail)- | \$34,371.00 |
| 3. | Tennis Courts (1 side of one court)- | \$ 8,422.00 |
| 4. | Basketball Court (1/6 of the court, just like Tennis)- | \$ 9,974.00 |
| 5. | Fishing Pier and Railings | \$35,300.00 |
| 6. | Playground Addition (curbing, surfacing, equip.) | \$79,744.00 |
| 7. | Shelter (1/4 of the space) | \$ 7,375.00 |

192,893.00

- The calculation of the handicap parking spaces includes the actual parking and maneuvering space, the depressed curb and gutter as well as half of the drive lane to provide access to the parking spots. This is key to being able to provide the needed parking spaces in the first place.

2. We believe the asphalt walking trail is a benefit to all park users, but in particular, those that are confined to walkers or wheelchairs. To this end, we believe the benefits of providing the minimum width where two people in these circumstances may pass is a fair and reasonable provision with respect to the allocation of the costs.
3. The Park District is planning to offer a tennis program that encourages participation by wheel chair and SRA participants at this location. The allocation of one side of one court is being proposed here, were it would certainly be reasonable to offer one entire court to this endeavor.
4. The Basketball program will encourage participation from the SRA and physically challenged participants as part of their growth and experience process, as well as rehabilitation opportunities.
5. The Fishing Pier has been specifically designed with the disabled in mind. The layout of the pier, railings and access were all planned for the fishing program dedicated to the SRA and to those within wheelchairs, as well as the general population.
6. The new Playground addition features accessible ramp into the play area, fully covered synthetic rubber surfacing (poured in place-seamless), and play equipment designed to accommodate the needs of those with physical challenges and limitations.
7. Finally, the shelter that we are providing will include picnic tables that are accessible. This makes the shelter added to the park an integral portion of the overall experience for those with all abilities. For that purpose, we are including 25% of the cost of the shelters into the overall calculation of costs attributable to the ADA program within the Hanover Park District's budget.

Attached is an Excel Spreadsheet illustrating the exact Bid Form Line Items that result in the costs depicted above from the recent competitive bidding for the redevelopment of Heritage Park. Please feel free to contact me with any questions you may have.

Very truly yours,

Mark Pentecost
Superintendent of Parks, Hanover Park District

Re: Husky Park Pathway Improvements Proposed to be Financed Using Special Recreation Levy

Dear Ms. Julison:

The Wheeling Park District hereby notifies and requests approval of the NWSRA Board of Directors for the expenditure of funds from the District's special recreation levy to pay the cost of the following improvements at Husky Park:

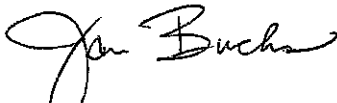

- Replacement of stone path with asphalt pathway

Park District staff has determined that the ADA portion of these improvements should be 100% of the total cost. The total cost for the improvements was \$12,920.00. These improvements were completed in October, 2006. The benefits of this project to NWSRA are as follows:

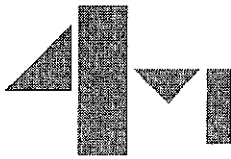

- Provides a completely accessible pathway around park

The Wheeling Park District respectfully asks that you review this request and present it with your approving recommendation to the NWSRA Board of Directors. If you have any questions or require additional information, please do not hesitate to contact me at (847) 465-2935.

**ADA FUNDING REQUEST FOR COMMUNITY CENTER ENTRANCWAY
RENOVATION**

To Whom It May Concern:

The Hanover Park Park District is undergoing a dramatic renovation to both our entrances into the Community Center. The leading cause for this project is to remedy the dramatic deterioration of our elevated walkways that allowed accessibility to our 1st floor. In order to get the project within budget we were forced to redesign the entrances and we are installing open air concrete staircases. We have decided to also add a closer drop off area to the building and we have incorporated 4 new handicapped parking spaces in this area. The grade of the sidewalk has been reduced to allow accessibility and new sidewalk has also been added to allow safe travel for pedestrians through the drop off zone. A portion of the staircases has been designed specifically for the safety of individuals with disabilities. The landing at the 1st floor is large enough to accommodate several wheel chairs in case of an emergency. The following is a budgetary breakdown of the items and there costs that we wish to be considered as ADA compliance items.

Re: Heritage Park Playground Improvements Proposed to be Financed Using Special Recreation Levy

Dear Ms. Julison:

The Wheeling Park District hereby notifies and requests approval of the NWSRA Board of Directors for the expenditure of funds from the District's special recreation levy to pay the cost of the following improvements at Heritage Park:

Replacement of outdated play equipment with a new play structure and installation of new accessible playground safety surface.

Park District staff has determined that the ADA portion of these improvements should be approximately 12% of the total cost. The total cost for the improvements was \$22,500. Of that total, \$2,672.00 was determined to be the cost for the accessible portion of the playground. These improvements were completed in September, 2006. The benefits of this project to NWSRA are as follows:

- Provides an accessible playground surface to the play elements

The Wheeling Park District respectfully asks that you review this request and present it with your approving recommendation to the NWSRA Board of Directors. If you have any questions or require additional information, please do not hesitate to contact me at (847) 465-2935.

Re: Improvements Proposed to be Financed Using Special Recreation Levy

Dear Ms. Julison:

The Buffalo Grove Park District hereby requests approval of the NWSRA Board of Directors for the proposed expenditures of funds from the District's Special Recreation Levy to pay for the ADA improvements for playgrounds at the following locations, Alcott, Children's, Ivy, and Nicole/Site 21 Park Sites.

In addition we are planning to complete an accessibility assessment of forty-seven park sites and facilities for \$56,254 as well as an assessment of District policies, practices and procedures by the National Accessibility Center for \$25,070. These two projects will be started this fiscal year and completed in fiscal year 2007/08.

I have enclosed an attachment itemizing ADA improvements at each site. Also enclosed is a quotation for two Freemotion pieces of strength equipment at \$4,495.00 each plus shipping for our Fitness Center.

The total cost for the improvements will be \$257,997.00 which will be completed during the 2006-07 fiscal year.

Buffalo Grove Park District respectfully requests that you review this proposal and present it with your approving recommendation to the NWSRA Board of Directors.

If you have any questions or require additional information, please do not hesitate to contact me at 847-850-2110.

Re: Lions Memorial Park Improvements Proposed To Be Financed Using
Special Recreation Levy

Dear Ms. Julison:

The Mt. Prospect Park District hereby notifies and requests approval of the NWSRA Board of Director for the proposed expenditure of funds from the District's special recreation levy, to pay the cost of the following improvements at Lions Memorial Park.

See Attachment 'A'.

Note: Where the cost of accessible paths are used to calculate their worth, only three feet (3') of width is calculated, regardless of the actual path width.

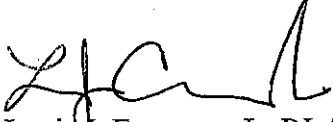

The total estimated cost of the improvements including consultants, is 1,275.00. Of that total, \$765.00 is estimated to be the cost for accessible improvements. These improvements are scheduled to be completed by September 2006. The benefits of this project to NWSRA are as follows:

- Connects accessible paths throughout the park.
- Completes accessible paths from the main parking lot to the Memorial Bandshell.
- Provides accessible paths from adjacent neighborhoods to the Park.

The Mt. Prospect Park District respectfully requests that you review this proposal and present it with your approving recommendation to the NWSRA Board of Directors. If you have any questions or require additional information, please do not hesitate to contact me at (847) 255-5380.

Re: Dryden Park Playground Improvements Proposed to be Financed using Special Recreation Levy

Dear Ms. Julison:

The Arlington Heights Park District hereby notifies and requests approval of the NWSRA Board of Directors for the expenditure of funds from the District's special recreation levy, to pay the cost of the following improvements at Dryden Park:

Remove and replace the existing playground with new accessible equipment, surfacing and entry walk.

From similar past projects, Park District staff has estimated that the ADA portion of this improvement should be approximately 22.5% of the total cost. The total cost for the improvement is \$62,000.00. Of that total, the estimate of \$14,000.00 was determined to be the cost for the accessible portion of this playground. This improvement will be completed by early fall, 2006. The benefits of this project to NWSRA are as follows:

- Provides an accessible path up to and into the playground
- Provides accessible play activities
- Enables all children to interact and play
- Enables all children to learn social skills

The Arlington Heights Park District respectfully asks that you review this request and present it with your approving recommendation to the NWSRA Board of Directors. If you have any questions or require additional information, please do not hesitate to contact me at (847) 506-7144.

Re: Recreation Park Pool Deck Improvements Proposed to be Financed Using Special
Recreation Levy

Dear Ms. Julison:

The Arlington Heights Park District hereby notifies and requests approval of the NWSRA Board of Directors for the expenditure of funds from the District's special recreation levy, to pay the cost of the following improvements at Recreation Park:

Remove existing concrete pool deck and replace with new concrete.

The total cost for the improvements was \$245,000.00. Of that total, \$20,000.00 was determined to be the cost for the accessible portion of the pool deck. The improvements to the pool deck resulted from our study of accessibility created by the National Center on Accessibility. These improvements will be completed in the fall, 2006. The benefits of this project to NWSRA are as follows:

- Provides accessible routes throughout the pool area and existing bath house
- Provides an accessible route to the pool

The Arlington Heights Park District respectfully asks that you review this request and present it with your approving recommendation to the NWSRA Board of Directors. If you have any questions or require additional information, please do not hesitate to contact me at (847) 506-7144.

Re: Lake Arlington Pathway Improvements Proposed to be Financed using Special Recreation Levy

Dear Ms. Julison:

The Arlington Heights Park District hereby notifies and requests approval of the NWSRA Board of Directors for the expenditure of funds from the District's special recreation levy, to pay the cost of the following improvements at Lake Arlington:

The existing 10' wide asphalt walking path was over-laid with new asphalt, 10' wide by 8,840' long.

The estimated cost for the improvement is \$248,500.00. Of that total, \$76,800.00 was estimated as the cost for the accessible portion of the walking path. Park District staff has determined that up to 3' of the 10' total width of the path (approx. 30%) should be acceptable as the amount requested. These improvements will be completed in early summer, 2006. The benefits of this project to NWSRA are as follows:

- Provides an accessible path throughout the park
- Provides a smooth surface condition for easier use
- Provides an accessible path to the various site amenities
- Extra width of path provides for two-way pedestrian traffic and the opportunity for a wheelchair to turn around easily

The Arlington Heights Park District respectfully asks that you review this request and present it with your approving recommendation to the NWSRA Board of Directors. If you have any questions or require additional information, please do not hesitate to contact me at (847) 506-7144.

Dear Ms. Julison:

The Arlington Heights Park District hereby notifies and requests approval of the NWSRA Board of Directors for the expenditure of funds from the District's special recreation levy, to pay the cost of the following improvements at Melas Park:

Extend a 9' wide by 75' long asphalt walking path to the existing soccer field.

The total cost for the improvement was \$2,972.40. Park District staff has determined that 100% of the cost should be acceptable as the amount requested. This improvement was completed in 2005. The benefits of this project to NWSRA are as follows:

- Provides an accessible path to the existing soccer field
- Provides an area to watch matches
- Extra width of path provides for two-way pedestrian traffic and the opportunity for a wheelchair to turn around easily

The Arlington Heights Park District respectfully asks that you review this request and present it with your approving recommendation to the NWSRA Board of Directors. If you have any questions or require additional information, please do not hesitate to contact me at (847) 506-7144.

Re: Sunset Meadows Park Improvements Proposed to be Financed using Special Recreation Levy

Dear Ms. Julison:

The Arlington Heights Park District hereby notifies and requests approval of the NWSRA Board of Directors for the expenditure of funds from the District's special recreation levy, to pay the cost of the following improvements at Sunset Meadows Park:

Park improvements include a new playground, new sidewalks to the athletic fields and improvements to the existing parking lot.

The estimated cost for the improvements is \$964,750.00. Of that total, \$46,250.00 was estimated as the cost for the accessible portions of the playground, sidewalks to the athletic fields and the parking lot. From similar past projects, Park District staff has estimated that the ADA portion of the playground improvements should be approximately 22.5% of the total cost. Park District staff has also determined that 100% of the cost of the sidewalk leading up to the athletic fields should be acceptable as well as the costs for curb cuts and the ADA accessible parking spots in the parking lot. These improvements will be completed in late summer, 2006. The benefits of this project to NWSRA are as follows:

- Provides an accessible path up to and into the new playground
- Provides accessible play activities
- Enables all children to interact and play
- Enables all children to learn social skills
- Provides an accessible path to the new athletic fields
- Provides a smooth surface condition for easier use
- Provides an area to watch games and the opportunity for a wheelchair to turn around easily
- Provides accessible parking for park usage
- Provides an accessible route to the park amenities

Re: Sunset Park Improvements Proposed To Be Financed Using Special
Recreation Levy

Dear Ms. Julison:

The Mt. Prospect Park District hereby notifies and requests approval of the NWSRA Board of Director for the proposed expenditure of funds from the District's special recreation levy, to pay the cost of the following improvements at Sunset Park.

See Attachment 'A'.

Note: Where the cost of accessible paths are used to calculate their worth, only three feet (3') of width is calculated, regardless of the actual path width.

The total estimated cost of the improvements including consultants, is \$175,339.00. Of that total, \$106,141.00 is estimated to be the cost for accessible improvements. These improvements are scheduled to be completed by August 2006. The benefits of this project to NWSRA are as follows:

- Provides accessible paths throughout the park.
- Provides accessible paths to and into the new playground, ballfields and other site amenities.
- Provides accessible play to 80% of the older kids play structure and 100% of the younger kids play structure and all independent play equipment.
- Provides accessible paths from adjacent neighborhoods to the Park.

The Mt. Prospect Park District respectfully requests that you review this proposal and present it with your approving recommendation to the NWSRA Board of Directors. If you have any questions or require additional information, please do not hesitate to contact me at (847) 255-5380.

Dear Lou,

It was good talking with you about Sunset Park play equipment requirements. The play equipment has been designed to comply with current ADA standards.

Playground Equipment is 91% accessible (31 of 34 play events)

Older Kids Area:

19 of the 22 play events are accessible
 Overall percentage = 86%
 Structure Only = 81%
 Independent Equipment = 100%

Elevated Events = 16
 Accessible via Transfer = 13
 Ground Level Events = 6

Younger Kids Area:

12 of the 12 play events are accessible
 Overall percentage = 100%
 Structure Only = 100%
 Independent Equipment = 100%

Elevated Events = 5
 Accessible via Transfer = 5

Dear Susie:

The Hoffman Estates Park District hereby requests approval of the NWSRA Board of Directors for the expenditure of funds from the District's special recreation levy, to pay the costs of the following equipment in support of building a fully operational sled hockey program. The Hoffman Estates Park District has made appropriate adaptations to the rink and has successfully hosted the National Junior Tryouts in preparation to facilitate this exciting opportunity.

Purchase of the special sticks, sleds and picks would be through Unique Inventions Inc. www.uniqueinventionsinc.com and the balance of the equipment would be purchased through our conventional hockey suppliers.

Sleds, sticks and picks \$500.00 x 20= \$10,000.00
Helmets- \$50.00 x 20=\$1,000.00
Gloves- \$40.00 x 20 = \$800.00
Shin guards- \$30.00 = \$600.00
Pants- (Often tear out un needed pads) Average \$80.00 x 20 = \$1600.00
Shoulder pads-\$50.00 x20= \$1,000

The total cost for all the required equipment- \$15,000.00

The purchase of this equipment will offer a wonderful new healthy, recreational or competitive opportunity for a vast range of people with various considerations. The program will be sanctioned and strongly supported by the Illinois governing faction AHAI and USA Hockey.

The district respectfully requests that you review this request and present it with your approving recommendation to the NWSRA Board of Directors. If you have any questions or require additional information, please do not hesitate to contact me.

Re: Westbrook School

Dear Lou,

It was good talking with you about Westbrook School play equipment requirements. The play equipment has been designed to comply with current ADA standards.

Playground Equipment is 88% accessible (23 of 26 play events)

23 of the 26 play events are accessible

Overall percentage = 88%

Structure Only = 82%

Independent Equipment = 100%

Elevated Events = 17

Accessible via Transfer = 14

Ground Level Events = 9

Please contact me if there are questions or if I can be of further help. We appreciate your interest in our equipment.

**Sincerely,

RE: ADA Improvements To Be Charged To The Special Recreation Levy

Dear Ms. Julison:

The Hoffman Estates Park District hereby notifies you and requests approval of the NWSRA Board of Directors for ADA related capital improvement costs made in conjunction with the renovation of the former Blackhawk Community Center which will be applied to the district's Special Recreation Fund Levy. Attached is a list accounting for those ADA improvements which totals \$166,263.10.

The district respectfully requests that you review this matter and present it, with your approval and recommendation, to the NWSRA Board of Directors.

Should you have any questions or concerns please contact me at (847) 885-7500.

Sincerely,

Gary T. Buczkowski

Director of Planning & Development
